About Us

Since its inception in **2015**, the Manufacturing and Supplying company "**Trychem Metal And Alloys**", has developed into a trustful entity and pioneered the industry by providing optimum quality Stainless Steel Product. Due to our varied technical and professional expertise, we have manufactured a wide assortment of Stainless Steel Shim, Beryllium Products and Copper Products. Being the industry leaders our role becomes stronger to fulfill the diverse needs of our prominent clients.

We strive to offer products with peak performance that are innovative, custom designed, easy to install and use, require less maintenance, and serve a long service life.Due to our progressive machines and application knowledge, we are talented to serve the productive performance in a large number of industries including chemical, plastic, engineering and construction. We have developed a highly innovative infrastructure and implement newest technique at every stage of our industry operations. Customer gratification and business morals are at the core of our association that drives us to operational brilliance.

Under the respected guidance of **"Mr. Sahil Shah**", we are where our clients want us to be. He is a veteran persona who is well versed with business technicalities. His efforts have assisted us to gain value in strategic planning, endowment development, innovation and most important customer gratification.
